Ingredient range

Fruit and vegetable ingredients for formulation and bulk procurement.

ILLUSTRATIVE RANGE - SPECIFICATIONS CONFIRMED ON QUOTATION

01 Fruit and vegetable powders

Apple, beetroot, carrot and pumpkin are example sourcing enquiries. Discuss drying method, mesh, carrier declaration, colour, flavour and dispersibility.

Beverage bases / bakery mixes / sauces / nutrition blends

02 Concentrated juices and purees

Apple, berry and carrot concentrates and fruit purees are example enquiries. Confirm Brix, acidity, pulp level, heat treatment and packaging.

Juice blends / dairy preparations / confectionery

03 Freeze-dried ingredients

Strawberry pieces, apple dice, berry granules and fruit powders are example enquiries. Confirm cut size, moisture, water activity and handling.

Cereal mixes / dry blends / chocolate / bakery inclusions

04 Prepare your sourcing enquiry

Send ingredient, application, destination market, expected annual volume and target specification. MOQ, sample availability, lead time, packaging, shelf life and origin are confirmed on quotation.

Request a batch-specific COA, ingredient declaration, traceability record and any applicable organic certificate scope before approval.

Illustrative website document. Confirm product and supplier-specific information before purchase.
